

The Grand New Zealand Tour

A 12-Day Journey Through the Heart of Two Islands

This is more than a tour. It's a seamless story.

We connect the cultural heart of the North Island with the epic landscapes of the South. Experience the best of both worlds in one unforgettable journey, curated for comfort, discovery, and delight.

Epic Landscapes

From geothermal wonders and subterranean glowworm caves to majestic fjords and turquoise alpine lakes.

Seamless Travel

Journey in comfort in a modern mini-bus with your professional local guide, including the spectacular Interislander ferry crossing.

Rich Culture

Immerse yourself in living Māori heritage at Te Puia and explore the creative spirit of cities like Wellington.

Curated Comfort

Relax each night in charming, hand-picked 3–4 star hotels and lodges, selected for their location and quality.

A large geyser erupts in a natural park setting. The geyser is the central focus, with a tall, narrow column of water and steam rising into the sky. The surrounding landscape is lush with green trees and bushes, and the foreground is a rocky, mineral-rich area. The sky is a clear blue with some light clouds. The overall scene is vibrant and dynamic, capturing the raw power of nature.
